ADLS (ACTIVITIES OF DAILY LIVING)

| Coding for Level of Help Needed to <br> Complete Task Safely | Coding for Who Will Help in Next <br> Eight (8) Weeks |  |  |
| :--- | :--- | :--- | :--- |
| $\mathbf{0}$ | Person is independent in completing the activity safely. | U | Current UNPAID caregiver will continue |
| $\mathbf{1}$Help is needed to complete task safely but helper DOES NOT <br> have to be physically present throughout the task. "Help" can <br> be supervision, cueing, or hands-on assistance. | PF | Current PUBLICLY FUNDED paid <br> caregiver will continue |  |
| $\mathbf{2}$Help is needed to complete task safely and helper DOES need <br> to be present throughout task. "Help" can be supervision, <br> cueing, and/or hands-on assistance (partial or complete). | PP | Current PRIVATELY PAID caregiver will <br> continue |  |

## ADLs (Activities of Daily Living)

Help Needed
(check only one)

Who Will Help in Next Eight Weeks? (check all that apply)

| BATHING | The ability to shower, bathe, or take sponge baths for the purpose of maintaining adequate hygiene. This also includes the ability to get in and out of the tub, turn faucets on and off, regulate water temperature, wash, and dry fully. Uses Grab Bar(s) Uses Shower Chair Uses Tub Bench Uses Mechanical Lift | $\begin{aligned} & \square 0 \\ & \square 1 \\ & \square 2 \end{aligned}$ | $\square \mathrm{U}$ $\square \mathrm{PF}$ $\square \mathrm{PP}$ $\square \mathrm{N}$ |
| :---: | :---: | :---: | :---: |
| DRESSING | The ability to dress and undress as necessary and choose appropriate clothing. Includes the ability to put on prostheses, braces, anti-embolism hose (For example, "TED" stockings) with or without assistive devices, and includes fine motor coordination for buttons and zippers. Includes choice of clothing appropriate for the weather. Difficulties with a zipper or buttons at the back of a dress or blouse do not constitute a functional deficit. | $\begin{aligned} & \square 0 \\ & \square 1 \\ & \square 2 \end{aligned}$ | U PF PP N |
| EATING | The ability to eat and drink using routine or adaptive utensils. This also includes the ability to cut, chew, and swallow food. Note: If person is fed via tube feedings or intravenous, check box 0 if they can do themselves, or box 1 or 2 if they require another person to assist. | $\begin{aligned} & \square 0 \\ & \square 1 \\ & \square 2 \end{aligned}$ | $\square \mathrm{U}$ $\square \mathrm{PF}$ $\square \mathrm{PP}$ $\square \mathrm{N}$ |
| MOBILITY IN HOME | The ability to move between locations in the individual's living environment-defined as kitchen, living room, bathroom, and sleeping area. This excludes basements, attics, yards, and any equipment used outside the home. Uses Cane in Home Uses Wheelchair or Scooter in Home Has Prosthesis Uses Quad-Cane in Home Uses Crutches in Home Uses Walker in Home | 0 1 2 | $\square \mathrm{U}$ $\square \mathrm{PF}$ $\square \mathrm{PP}$ $\square \mathrm{N}$ |

Notes:

|  | ADLs (Activities of Daily Living) | Help Needed (check only one) | Who Will Help in Next Eight Weeks? (check all that apply) |
| :---: | :---: | :---: | :---: |
| TOILETING | The ability to use the toilet, commode, bedpan, or urinal. This includes transferring on/off the toilet, cleansing of self, changing of pads, managing an ostomy or catheter, and adjusting clothes. Uses Grab Bar(s) Uses Commode or Other Adaptive Equipment Uses Urinary Catheter Has Ostomy Receives Regular Bowel Program | $\begin{aligned} & \square 0 \\ & \square 1 \\ & \square 2 \end{aligned}$ | $\square \mathrm{U}$ $\square \mathrm{PF}$ $\square \mathrm{PP}$ $\square \mathrm{N}$ |
|  | INCONTINENCE: Do not include stress incontinence (small amount of urine leaking during sneezing, coughing, or other exertion) Does not have incontinence Has incontinence less than daily but at least once per week Has incontinence daily |  |  |
| TRANSFERRING | The physical ability to move between surfaces: from bed/chair to wheelchair, walker or standing position. The ability to get in and out of bed or usual sleeping place. The ability to use assistive devices for transfers. Excludes toileting transfers. Uses Grab Bar(s) Uses Transfer Board Uses Trapeze Uses Mechanical Lift (not a lift chair) | $\begin{aligned} & \square 0 \\ & \square 1 \\ & \square 2 \end{aligned}$ | $\square \mathrm{U}$ $\square \mathrm{PF}$ $\square \mathrm{PP}$ $\square \mathrm{N}$ |

Notes:

| $\square$ 1d Person drives adapted vehicle but there are serious safety concerns |  |  |
| $\square 2 \quad$Person cannot drive due to physical, psychiatric, or cognitive <br> impairment. Includes no driver's license due to medical problems <br> (For example, seizures, poor vision). | $\square \mathrm{U}$ |  |
|  | $\square 3$ Person does not drive due to other reasons | $\square \mathrm{PP}$ |
|  | $\square \mathrm{N}$ |  |

## Notes:

## OVERNIGHT CARE or OVERNIGHT SUPERVISION and EMPLOYMENT

## Does person require overnight care or overnight supervision?

0 No1 Yes-caregiver can get at least six hours of uninterrupted sleep per night2 Yes-caregiver cannot get at least six hours of uninterrupted sleep per night
## Employment

This section concerns the need for assistance to perform employment-specific activities - that is, job duties. Since the need for help with ADLs and other IADLs (For example, transportation, personal care) is captured in other sections, this section essentially concerns supports necessary for successful performance of work tasks.
A. Current Employment Status1 Retired (Does not include people under 65 who stopped working for health or disability reasons)2 Not working (No paid work)3 Working full time (Paid work averaging 30 or more hours per week)4 Working part-time (Paid work averaging fewer than 30 hours per week)
B. If Employed, Where?1 Paid work where the environment and the work tasks are designed for people with disabilities (e.g. sheltered workshop)2 Paid work in other group situation for people with disabilities (e.g. work crew/enclave)3 Paid work outside the home (situations other than those described in B1 and B2)4 Paid work at home
C. Need for Assistance to Work

Mandatory for ages 18-64; otherwise optional0 Independent (with assistive devices if uses them)1 Needs help weekly or less (For example, if a problem arises)2 Needs help every day but does not need the continuous presence of another3 Needs the continuous presence of another person4 Not applicable

## Notes:

## DIAGNOSES

Diagnoses: Select a diagnosis here if (1) it is provided by a health care provider, or (2) you see it written in a medical record (including hospital discharge forms, nursing home admission forms, etc.), or (3) if person or informant can state the diagnosis exactly - except for intellectual disability, psychiatric, behavioral, and dementia diagnoses which must be confirmed by a health care provider or medical records.
Refer to Diagnoses Cue Sheet for coding when diagnosis does not appear below. When selecting "Other" in any section below, a diagnosis must be entered in the text box provided.

## No current diagnoses

A. DEVELOPMENTAL DISABILITY
$\square 1$ Intellectual Disability IQ Score:2 Autism3 Brain Injury with onset BEFORE age 22
4 Cerebral Palsy5 Prader-Willi Syndrome6 Seizure Disorder with onset BEFORE age 227 Otherwise meets state or federal definitions of DD List diagnoses
8 Down's Syndrome
B. ENDOCRINE/METABOLIC

1 Diabetes Mellitus2 Hypothyroidism/Hyperthyroidism
3 Dehydration/Fluid and Electrolyte Imbalances
4 Liver Disease (hepatic failure, cirrhosis)5 Other Disorders of Digestive System (mouth, esophagus, stomach, intestines, gall bladder, pancreas) List diagnoses $\qquad$
6 Other Disorders of the Metabolic System (For example, B-12 deficiency, high cholesterol, Hyperlipidemia)
List diagnoses7 Other Disorders of the Hormonal System (For example, adrenal insufficiency or Addison's Disease)
List diagnoses8 Obesity9 Malnutrition
10 Eating Disorders

## C. HEART/CIRCULATION

$\square 1 \quad$ Anemia/Coagulation Defects/Other Blood
Diseases
$\square 2 \quad$ Angina/Coronary Artery Disease/Myocardial
Infarction (MI)
$\square 3$ Disorders of Heart Rate or Rhythm
$\square 4$ Congestive Heart Failure (CHF)

## COMMUNICATION AND COGNITION

Communication (check only one box)
Includes the ability to express oneself in one's own language, including non-English languages and American Sign Language (ASL) or other generally recognized non-verbal communication. This includes the use of assistive technology.
$\square 0$ Can fully communicate with no impairment or only minor impairment (For example, slow speech)1 Can fully communicate with the use of assistive device2 Can communicate only basic needs to others3 No effective communication
Memory Loss (At least one box must be checked. If " 0 No memory impairments" is checked, then no other box should be checked.)0 No memory impairments evident during screening process1 Short-term memory loss (seems unable to recall things a few minutes up to 24 hours later)2 Unable to remember things over several days or weeks3 Long term memory loss (seems unable to recall distant past)$\square$ Memory Impairments are unknown or unable to determine. Explain why: $\qquad$

## Cognition for Daily Decision Making (check only one box)

$\square 0$ Independent—Person can make decisions that are generally consistent with his/her own lifestyle, values, and goals (not necessarily with professionals' values and goals)
$\square 1$ Person can make safe decisions in familiar/routine situations, but needs some help with decision-making when faced with new tasks or situations
$\square 2$ Person needs help with reminding, planning, or adjusting routine, even with familiar routine3 Person needs help from another person most or all of the time
Physically Resistive to Care (check only one box)0 No1 Yes, person is physically resistive to cares due to a cognitive impairment

Notes:

## BEHAVIORAL HEALTH

## Wandering

Defined as a person with cognitive impairments leaving residence/immediate area without informing others. Person may still exhibit wandering behavior even if elopement is impossible due to, for example, facility security systems.0 Does not wander1 Daytime wandering but sleeps nights2 Wanders at night, or day and night

## Self-Injurious Behaviors

Behaviors that cause or could cause injury to one's own body. Examples include physical self-abuse (hitting, biting, headbanging, etc.), pica (eating inedible objects), and water intoxication (polydipsia).0 No injurious behaviors demonstrated1 Some self-injurious behaviors require interventions weekly or less2 Self-injurious behaviors require interventions 2-6 times per week OR 1-2 times per day3 Self-injurious behaviors require intensive one-on-one interventions more than twice each day List behavior:

## Offensive or Violent Behavior to Others

Behavior that causes others significant pain, substantial distress, or is at a point that law enforcement would typically be called to intervene.0 No offensive or violent behaviors demonstrated1 Some offensive or violent behaviors require occasional interventions weekly or less2 Offensive or violent behaviors require interventions 2-6 times per week OR 1-2 times per day3 Offensive or violent behaviors require intensive one-on-one interventions more than twice each day
List behavior: $\qquad$

## Mental Health Needs

0 No mental health problems or needs evident1 No current diagnosis. Person may be at risk and in need of mental health services$\square 2$ Person has a current diagnosis of mental illness
Substance Use Disorder: (Check only one of the three boxes below)
$\square 0$ No substance use issues or diagnosis evident at this time
$\square 1$ No current diagnosis. Person or others indicate(s) a current substance use problem, or evidence suggests possibility of a current problem or high likelihood of recurrence without significant ongoing support or interventions. Examples are police intervention, detox, history of withdrawal symptoms, inpatient treatment, job loss, major life changes.
$\square 2$ Person has a current diagnosis of substance use disorder

## Notes:

## RISK

## Part A - Current APS or EAN Client

$\square$ A1 Person is known to be a current client of Adult Protective Services (APS)
$\square$ A2 Person is currently being served by the lead Elder Adult/Adult at Risk (EA/AAR) agency

## Part B - Risk Evident During Screening Process

At least one box must be checked. Check all applicable boxes, however, if box " 0 " is checked, do not check boxes 1, 2, 3, or 4 .
$\square 0$ No risk factors or evidence of abuse or neglect apparent at this time
$\square 1$ The individual is currently failing or is at high risk of failing to obtain nutrition, self-care, or safety adequate to avoid significant negative health outcomes
$\square 2$ The person is at imminent risk of institutionalization (in a nursing home or ICF-IID) if they do not receive needed assistance OR person is currently residing in a nursing home or ICF-IID
$\square 3$ There are statements of, or evidence of, possible abuse, neglect, or exploitationNot ApplicableReferring to APS and/or EA/AAR now
$\square 4$ The person's support network appears to be adequate at this time, but may be fragile in the near future (within next 4 months)

## Notes:

## SCREEN COMPLETION

Date of Screen Completion (mm/dd/yyyy):

| Time to Complete Screen | Hours | Minutes |
| :--- | :---: | :---: |
| Face-to-face contact with the person (This can include an in-person interview, or <br> observation if person cannot participate in the interview.) |  |  |
| Collateral Contacts (Either in person or indirect contact with any other people, <br> including the person's guardian, family, advocates, providers, etc.) |  |  |
| Paper Work (Includes review of medical documents, etc.) |  |  |
| Travel Time | Total Time to Complete Screen |  |

## COP LEVEL 3 AND NO ACTIVE TREATMENT (NAT)

## COP Level 3 (for Home and Community-Based Waiver counties only)

Part A—Alzheimer's and related diseases

1. The person has a physician's written and dated statement that the person has Alzheimer's and/or another qualifying irreversible dementia.
NA $\square$ Yes
No
2. The person needs personal assistance, supervision and protection, and periodic medical services and consultation with a registered nurse, or periodic observation and consultation for physical, emotional, social, or restorative need, but not regular nursing care.NAYesNo

Part B—Interdivisional Agreement 1.67

1. The person resided in a nursing home or received CIP II/COP-W services and was referred through an Interdivisional Agreement 1.67 in accordance with s. 46.27(6r)(b)(3).NAYesNo

## No Active Treatment (for Family Care, IRIS, PACE, Partnership counties only)

Part A-Criteria that can be documented prior to enrollment:

1. The person has a terminal illness.NAYes
No
2. The person has an IQ above 75 .NAYes $\square$ No
3. The person is ventilator-dependent.NA $\square$ Yes
No

Part B-Criteria that can be documented after enrollment:

1. The person has physical and mental incapacitation due to advanced age such that his/her needs are similar to those of geriatric nursing home residents.
NAYes
2. The person is elderly (generally over age 65) and would no longer benefit from active treatment.
NAYes $\square$ No
3. The person has severe chronic medical needs that require skilled nursing level of care.
NAYes $\square$ No

## DEFINITIONS FOR TARGET GROUP QUESTION

## Refer to LTC Functional Screen instructions

FRAIL ELDER means an individual aged 65 or older who has a physical disability, or an irreversible dementia, that restricts the individual's ability to perform normal daily tasks or that threatens the capacity of the individual to live independently (DHS 10.13(25m)).

PHYSICAL DISABILITY means a physical condition, including an anatomical loss or musculoskeletal, neurological, respiratory or cardiovascular impairment, which results from injury, disease or congenital disorder and which significantly interferes with or significantly limits at least one major life activity of a person (WI Statutes 15.197(4)(a) 2).
"Major life activity" means any of the following:
A. Self-care
B. Performance of manual tasks unrelated to gainful employment
C. Walking
D. Receptive and expressive language
E. Breathing
F. Working
G. Participating in educational programs
H. Mobility; other than walking
I. Capacity for independent living (WI Statutes 15.197(4)(a)1).

FEDERAL DEFINITION OF DEVELOPMENTAL DISABILITY: A person is considered to have intellectual disability if he or she has: i) A level of intellectual disability described in the American Association on "Intellectual and Developmental Disabilities" Manual on Classification in Intellectual Disability, or ii) A related condition as defined by 42 CFR 435.1010 which states, "Person with related conditions" means individuals who have a severe, chronic disability that meets all of the following conditions:

1. It is attributable to
a) Cerebral palsy or epilepsy or
b) Any other condition, other than mental illness, found to be closely related to intellectual disability because this condition results in impairment of general intellectual functioning or adaptive behavior similar to that of intellectually disabled persons, and requires treatment or services similar to those required for these persons.
2. It is manifested before the person reaches age 22
3. It is likely to continue indefinitely
4. It results in substantial functional limitations in three or more of the following areas of major like activity: self-care; understanding and use of language; learning; mobility; self-direction; or capacity for independent living.

STATE DEFINITION OF DEVELOPMENTAL DISABILITY: "Developmental disability" means a disability attributable to brain injury, cerebral palsy, epilepsy, autism, Prader-Willi syndrome, intellectually disability, or another neurological condition closely related to an intellectually disability or requiring treatment similar to that required for individuals with an intellectual disability, which has continued or can be expected to continue indefinitely and constitutes a substantial handicap to the afflicted individual. "Developmental disability" does not include senility which is primarily caused by the process of aging or the infirmities of aging (WI Statutes 51.01(5)(a)).

DEMENTIA means Alzheimer's disease and other related irreversible dementias involving degenerative disease of the central nervous system characterized especially by premature senile mental deterioration and also includes any other irreversible deterioration of intellectual faculties with concomitant emotional disturbance resulting from organic brain disorder (WI Statues 46.87(1)(a)).

TERMINAL CONDITION means death is expected within one year from the date of screening.
SEVERE AND PERSISTENT MENTAL ILLNESS means a mental illness which is severe in degree and persistent in duration, which causes a substantially diminished level of functioning in the primary aspects of daily living and an inability to cope with the ordinary demands of life, which may lead to an inability to maintain stable adjustment and independent functioning without long-term treatment and support and which may be of lifelong duration. "Chronic mental illness" includes schizophrenia as well as a wide spectrum of psychotic and other severely disabling psychiatric diagnostic categories, but does not include organic mental disorders or a primary diagnosis of mental retardation or alcohol or drug dependence (DHS 63.02(7)).

NO TARGET GROUP means the person does not appear to meet any of the statutory definitions for a LTC FS target group.
